

# THE SUFFOLK SOCIETY FOR PSYCHOTHERAPY AND PSYCHOANALYSIS

President Jill Holstein   President-Elect Open   Past President Susan Jones   Secretary Open   Treasurer Open

**To:** Candidates, Faculty, Graduates and Affiliate Members

**From:** SSPP – Membership Committee

This letter is an invitation for you to become a member of The Suffolk Society for Psychotherapy and Psychoanalysis for the 2011-2012 academic year beginning September 1<sup>st</sup> 2011. This professional organization provides an environment that encourages and supports congeniality, mutual support and educational opportunities.

**Mission Statement:**

The Suffolk Society for Psychotherapy and Psychoanalysis is a professional organization founded on February 25, 1996 to further psychological and psychoanalytic knowledge. This will be accomplished through conferences, workshops and meetings. The Society will promote and encourage ethical standards in the practice of psychotherapy and psychoanalysis and provide a professional and social opportunity for continued interaction.

The goals of SSPP are the following: to serve as a professional home for candidates, faculty and graduates of SIPP; to promote professional development; to organize professional colloquia and meetings; to have members serve as liaisons between the Society and the Executive Board of the Institute; to assist with public relations and recruitment of new candidates; and to raise funds for both the Society and the Institute.

We encourage all candidates, faculty and graduates to be active members of SSPP and support the ongoing evolution of the Suffolk Institute community. Affiliate membership is available to candidates and graduates of other psychoanalytic training programs and professionals with an interest in psychoanalysis.
